

Code Status Order Reminders

DEFINITIONS:

CARDIOPULMONARY RESUSCITATION (CPR): Attempt Resuscitation and DNAR provide direction if the patient has **NO PULSE** and is **NOT BREATHING**.

TREATMENT RESTRICTIONS: Full Treatment, Selective Restrictions, and Comfort Focused Treatment apply if the patient **HAS A PULSE** and/or **IS BREATHING**.

INSTRUCTIONS

CODE STATUS VS. TREATMENT RESTRICTIONS

- Code Status and Treatment Restrictions are provider orders for two SEPARATE situations.
- Code Status order detail applies ONLY to patients IN cardiopulmonary arrest.
- Treatment Restrictions order detail applies ONLY to patients who are NOT in cardiopulmonary arrest

CODE STATUS

This section must be completed and ONLY applies when a patient is in cardiopulmonary arrest. Check only one code status category

- Attempt Resuscitation/Full Treatment – Patient is a full code and resuscitation should be attempted.
- DNAR (Do Not Attempt Resuscitation)/Full Treatment – No CPR. Attempt to sustain life by all medically effective means.
- DNAR/Selective Treatment Restrictions – No CPR. Enter any Treatment Restrictions the patient may have chosen.
- DNAR/Comfort- Focused Treatments – No CPR. Maximize comfort through symptom management and allow natural death.

Quest Diagnostics

NL AR Gould North Street, NL EMMC Union Street & NL Mercy Yarmouth Draw Stations

Northern Light Health transitioned outpatient lab services to Quest Diagnostics. Quest Diagnostics offers a track record of collaboration with health systems to optimize laboratory services. This includes providing a broader test menu, cost-efficient service, and broad patient access.

CM Activity Documentation

Updates have been made to the CM Activity documentation within the CM intensity of need in iView.

- **LTC/SNF/SNF waiver discussed** has been changed to **ALF/SNF/LTC discussed**
- **LTC/SNF/SNF waiver referral** has been updated to **ALF/SNF/LTC referral**
- **PCP visit – access limitation** was removed.

CM Activity

- Acute Management
- Annual wellness completed
- Appointment Made
- Hospice/palliative discussed
- Hospice/palliative referral
- Lab Ordered
- ALF/SNF/LTC discussed
- ALF/SNF/LTC referral
- Medication assistance application
- Medication Error Diverted
- Medication Optimization
- Nutrition Counseling
- PCP Visit - Access Limitation
- Pharmacy Collaboration
- Referral to community resources
- Referral to remote monitoring
- Referral to specialist
- Social Vulnerability Index Report Utilization
- SS Consult

Potential for Documentation Error

If the shortcut "**R**" is inadvertently entered instead of "**T**" (for today) in any **Date** field within the EHR, the date populated is the last day of the calendar year (e.g., 12/31/2023).

Please ensure you have entered the appropriate date given the risk of error posed by these keys being next to each other on the keyboard.

Depression Screening Update

The **Last Reviewed By** field in the Depression Screening Form and Depression Screening Adolescent Form has been removed. This field was not consistently being filled out and leading to inaccurate information being displayed. You can still locate the last time screening was completed within the Scales and Assessments Component or Results Review.

Patient Health Questionnaire - PHQ 2

Depression Screening Refused

Yes

Depression Screening Last Reviewed

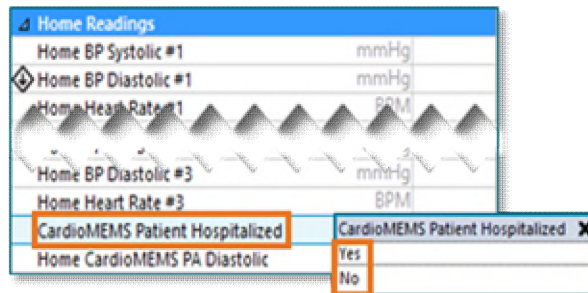

04/03/2017 0000

CardioMEMs Education Documentation

Heart Failure Education in the Interactive View and I&O has CardioMEMs and CardioMEMs pamphlet as available options when documenting. The education is found under **Quality Measures Education** section of the **Adult Education Navigator** band.

Home Readings Addition in iView

CardioMEMS Patient Hospitalized: Yes/No was added to **Home Readings**. This addition affects Care Managers supporting CardioMEMS.

The screenshot displays a 'Home Readings' form with the following fields:

Home BP Systolic #1	mmHg
Home BP Diastolic #1	mmHg
Home Heart Rate #1	BPM
Home BP Diastolic #3	mmHg
Home Heart Rate #3	BPM
CardioMEMS Patient Hospitalized	CardioMEMS Patient Hospitalized X
Home CardioMEMS PA Diastolic	Yes
	No
