

Physicians, APNs, and PAs Newsletter "AMBULATORY"

Volume 1, Issue 74 July 2023

Reminder - PDMP Review

When using the **PDMP Review** in the Controlled Substances MPage, you must click **Mark as Reviewed** after opening and closing the report. Providers do not get credit for PDMP Review when this step is missed.

Provider Note – Co-Signature

If a Provider Note is sent to a secondary Provider for Signature, their line will read **Electronically Co-Signed By**. In addition, the **On** field displays blank until the note has been signed. The advantage is the ease to see if a note has been Co-Signed or is still waiting for Co-Signature.

Electronically Co-Signed By:
On

Flexitest Order Details

The Laboratory has reported an increase of Flexitest order errors. Avoid these errors by entering the Flexitest order details in the appropriate fields.

Enter the **Quest Order Code** in the **Order Codes**: field and the **Quest Test Name** in the **Test Name** field.

Click here for more information regarding Quest Flexitest.

Maine QuitLink Direct Referral

<u>Reminder</u>: When sending referrals to Maine QuitLink Direct, the Transition of Care document must be attached.

Click <u>here</u> for more information regarding the Maine QuitLink Direct Messaging Workflow.

Behavioral Health Outpatient MTP Form

On July 24 a new column, **Discharge Date**, will be added in the **Current Programs** grid of the **BH Outpatient MTP Form** to document and communicate with other programs that the patient is no longer participating in that service.
