**Ambulatory**

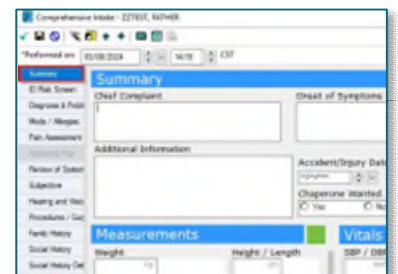

**Pain Alert**

- When a second prescription for a narcotic analgesic pain medicine is entered during a 90-day period, a pain alert will fire. The alert asks if chronic pain should be added to the problem list and recommend a pain assessment. If chronic pain is already on the list, then the alert is suppressed.

**Intake Form Update**

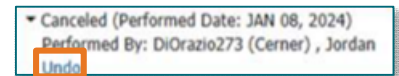

- The following forms will be updated to open in the Summary section instead of the ID Risk Screening section:
  - Bright Futures Intake – Adolescence (11 to 21 years)
  - Bright Futures Intake – Early Childhood (12 months to 4 years)
  - Bright Futures Intake – Infancy (Birth to 9 months)
  - Bright Futures Intake – Middle Childhood (5 to 10 years)
  - Comprehensive Intake
  - Medicare Visit Form / Medicare Annual Wellness Visit

## CommunityWorks Monthly Update – April

### Colorectal Cancer Screening Recommendation

- Colorectal Cancer Screening will now combine and replace the following recommendations:
  - Colorectal Cancer Screen (Colonoscopy)
  - Colorectal Cancer Screen (Occult Blood)
  - Colorectal Cancer Screen (Sigmoidoscopy)
  - Colorectal Cancer Screen (Fecal DNA)
  - Colorectal Cancer Screen (Fecal Immunochemical Test)
- Undo cancellation
  - New feature to undo a cancelled recommendation under the Recommendation component.

## Case Management

### Consult to Social Services

- Consult to Social Services will automatically fire if there is a positive screening in any of the following SDOH PowerForms:
  - Social Determinants
  - Social Determinants – PREPARE
  - Well-Rx Questionnaire
  - AHC Health Related Needs Screening Tool
- In addition to the consult, a task will also fire to the Acute Case Management Worklist and MPLT.

## Pharmacy

### Routes of Administration Update

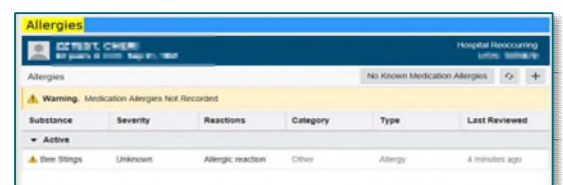

- Certain Routes of Administration will be inactivated and standardized routes will be updated to replace them.
  - The update will occur in phases, pharmacy will be required to select a new appropriate route.

**NOTE:** Providers must address their favorites with expiring routes by May.

## Future Changes

### To Be Determined

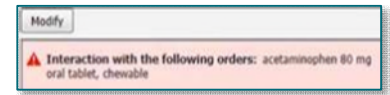

- Allergies will be updated to a more user-friendly experience. The update will occur in patient's charts, forms, scheduling appointment book, PharmNet, and RadNet.
  - There will be no change to workflow MPages at this time.

## CommunityWorks Monthly Update – April

➤ **Reverse Interaction Checking will automatically run each time new allergies are entered and can also be run at any time by clicking the Reverse Allergy Check button.**

- If **interaction is found**, red warning populates with details. This is not auto-dismissed.
- If **no interaction is found**, a green checkmark with text **Success. No Drug Interactions Found**. This message will auto-dismiss after five seconds.

➤ **Anesthesia Risk Section Update**

- **Anesthesia/Sedation and General Anesthesia Risk Assessments** sections will be combined into one section **General Anesthesia Risk Assessment**.

➤ **Surgery Adhoc Folder Uplift**

- The **intraoperative folder** will be removed and any forms that are not surgery related will be under the **Other** folder.
- The update will include the following folders:
  - ASC, Preop (PAT and Preop), PACU/Postop/Endo, Pediatric Surgery, and PRO Tools.
- The following forms will be updated and/or consolidated:
  - ASC Quality Data Reporting
  - FRAIL Assessment
  - HOOS, JR. Adult Hip Survey
  - KOOS, JR. Adult Knee Survey
  - PROMIS Global 10
- **Postoperative Phone Call** form will replace the following forms:
  - Postoperative Follow-up Phone Call
  - Postoperative Phone Call ASC
  - Post-Operative Phone Call ASC
- **Preadmission Assessment** form will replace the following forms:
  - Endo Preadmission Assessment
  - Preadmission Phone Assessment
  - Preadmission Visit Assessment
  - Surgery Preadmission History & Assessment
  - Visit History and Assessment ASC

## **CommunityWorks Monthly Update – April**

- **Preprocedure Checklist Short Form** and the **Preprocedure Intake Comprehensive form** will replace the following forms:
  - Surgery Admission Assessment – Ambulatory Surgery
  - Surgery Admission Assessment – Comprehensive
  - Surgery Admission Assessment – Condensed o Surgery Admission Assessment – Pain/Local
  - Surgery Total Joint Admit/Preop Assessment – Comprehensive
  - Preprocedure Checklist
  - Preprocedure Checklist – Condensed
  - Preprocedure Education
  - Preprocedure Intake Outpatient
  - Transfer for Unplanned Admission ASC

➤ **Provider Position Change**

- CAH Physician Acute/ED/Clinic will be updated to CAH Physician Acute/ED/Clinic/Care.
