

## Reviewing Histories

1. Scroll down to the Social, Family, or Procedure History section of the Review view.

2. Tap a history row to open the appropriate History view with a list of history categories on the left and details for the first category on the right.

## Reviewing Intake and Output (Inpatient Encounters)

1. Scroll down to the Intake and Output section of the Review view.

2. Tap a day's bar graph to open the details view for that day.
3. Tap the Total Intake or Total Output row to view details for the day's intake or output.

## Reviewing Medication Compliance (Ambulatory Encounters)

Tap the **Compliance** icon in an order row in the Home Medications or In Office Medications section to view compliance information for that order.

## Reviewing Clinical Photos

1. Scroll down to the Media Gallery section of the Review view.

2. Tap a photo category to open a split view with the photos contained in the category on the right and the list of categories on the left.

3. Tap a photo to view a larger version with additional details.
4. Tap **Open** to view the full-sized photo.
