

Physician/AHP's may access UpToDate from their home computer if necessary. Accessing UpToDate from a home computer has the same features of earning and redeeming CME credits as using UpToDate when in the hospital.

How to Access UpToDate from a home computer:

STEP 1: From the bottom of the www.northernlighthealth.org website, click Citrix.

STEP 2: Enter your network username and password.

STEP 3: Enter your one-time password (this is sent to your mobile device) and click Submit.

STEP 4: Check the box next to I agree with the Citrix license agreement to install the Citrix Receiver then click Install, Continue, Run and Yes to Allow changes to computer.

STEP 5: Using the top, right search box, search for Cerner or Millennium and choose 1 – Cerner Millennium and then click Open. This will populate the icon on your Apps tab. Launch the session by either single-clicking the icon or right-click and choose Start, then click Open.

STEP 6: Click on PowerChart and sign in using your network username and password.

STEP 7: Click on the UpToDate icon located in your toolbar or from within the Links pull down menu.
