Two new Dynamic Documentation templates have been added to ensure that all required elements are captured while non-related data is excluded. The Workers' Compensation and Motor Vehicle Accident templates should be used solely for the purpose of the compensable injury. Any other care provided must be documented using a separate and appropriate note type/template.
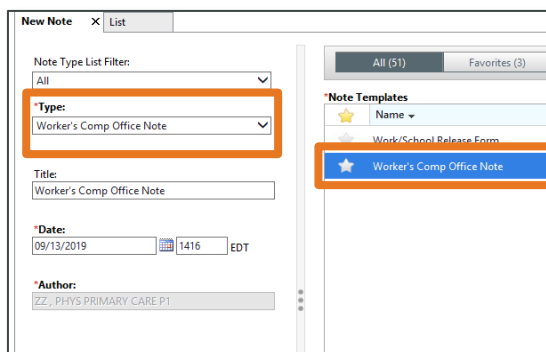

Workers' Compensation Template

STEP 1: Access the **Ambulatory 2018** Workflow MPage.

- Below **Create Note** click **More**.
- Click **Select Other Note**.

STEP 2: From the **Type** dropdown, select **Worker's Comp Office Note**.

STEP 3: From the **Note Templates** pane, select **Worker's Comp Office Note**.

STEP 4: Click **OK** and create your note.

Motor Vehicle Accident Office Note Template
