

Mercy EKG's Performed in Office

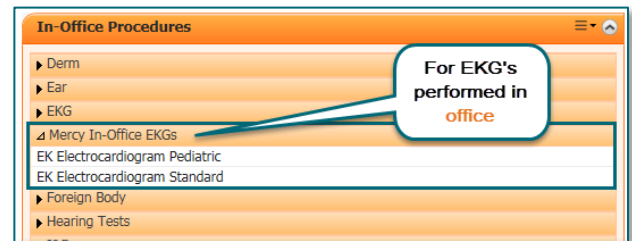

November 29, 2018

EKG's performed at an Mercy Ambulatory practice will utilize a single order which will act as the order to perform as well as the charge order. These EKG's are charged via HeartStation, and not via PowerChart. Additionally, these will not require a separate encounter and should be activated on the practice ambulatory encounter.

Quick Order pages for Mercy practices that perform EKG's have been updated as follows:

➤ **Primary Care/Pediatrics/Oncology/Urgent Care:**

- For EKG's performed in the clinic, select the orderable from the **In-Office Procedures Component** > **Mercy In-Office EKG** folder.

- For EKG's ordered and performed *now*, in the order details, select **Future Study/Date: No**

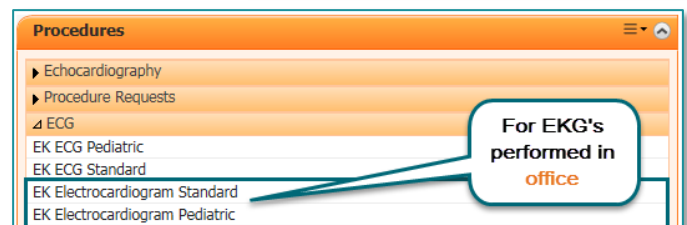

- For EKG's ordered to be performed at a *future visit*, in the order details, select **Future Study/Date: Yes**

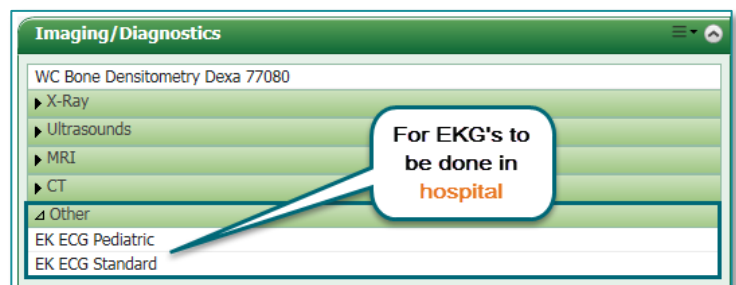

➤ **Cardiology:**

- For EKG's performed in the clinic, select the orderable from the **Procedures Component** > **ECG** folder.

- For EKG's to be performed at Mercy Hospital or another outside location, select the orderable from the **Imaging/Diagnostics Component** > **Other** folder (for Pediatrics/Oncology); **Imaging/Diagnostics Component** > **Echocardiogram/EKG** folder (for Primary Care); **Procedures Component** (for Cardiology).

- For these EKG orders, the order detail for **Future Study/Date:** must be set to **Yes**
