## Fix Dynamic Documentation

- > From the Provider Handoff screen in PowerChart:
- **<u>STEP 1</u>**: Search for the incorrect patient's chart using their FIN.
- NOTE: To search using a FIN, follow these steps:
  - Click the Search drop-down arrow on the right side of the screen.
  - Click FIN.
  - Click the Search field; then type the patient's FIN.
  - Click the Search icon.
- **<u>STEP 2</u>**: Click **Consulting Physician** in the Assign a Relationship window.
- **<u>STEP 3</u>**: Click **OK**. The patient's chart opens.
- **<u>STEP 4</u>**: Click **Documents** in the Component List.
- <u>NOTE</u>: If a patient has several notes from different authors, you can easily find yours by clicking the My Notes Only Button at the top of the component.
- **<u>STEP 5</u>**: Search for the correct patient's chart using their FIN.
- **<u>STEP 6</u>**: Click **Consulting Physician** in the Assign a Relationship window.
- **<u>STEP 7</u>**: Click **OK**. The patient's chart opens.
- <u>NOTE</u>: It is useful to have both charts open simultaneously so that you can easily switch between them while changing their documentation. Note that one chart appears blue in the system, while the other appears yellow so that you can easily differentiate between them.
- **<u>STEP 8</u>**: Click Select Other Note at the bottom of the Component List.
- **<u>STEP 9</u>**: Click Free Text Note.
- **<u>STEP 10</u>**: Click **OK**. The Free Text Note opens.
