

This Quick Reference Guide (QRG) reviews administering medications in the ED.

Common Buttons & Icons

	Medications icon
	MAR button
	Nurse Review icon
	MAW icon

Review the MAR

➤ From the ED LaunchPoint screen:

STEP 1: Click the **Medications** icon. The Activities tab displays.

NOTE: You can also click the number icon in the Activities column.

STEP 2: Click the **MAR** icon. The patient's chart opens to the MAR.

Mark Medications as Reviewed

➤ From the ED LaunchPoint screen:

STEP 1: Click the **Medications** icon. The Activities tab displays.

STEP 2: Click the **Nurse Review** icon for the appropriate medications.

STEP 3: Click the **Review** button. The medication displays with a check mark.

Administer Medications

➤ From the ED LaunchPoint screen:

STEP 1: Click the **Medications** icon. The Activities tab displays.

STEP 2: Once medications have been reviewed, click the **MAW** icon. The Medication Administration window displays.

STEP 3: Administer the medications to the patient as appropriate.
