

Subcutaneous Insulin Update: Witness Requirement

On **Monday, May 20**, the **Witnessed by: field** in the **Medication Administration Wizard** will be made **required** for all administrations of **subcutaneous insulin** at NL Acadia Hospital. This is being added as an **additional safety measure** for a high-alert medication being confirmed by **two nurses**.

How To Document a Two Nurse Witness

- In the **Witnessed by: field**, search for the name of the second RN.
 - Select **OK**.
- A login window will populate asking for the nurse completing the witness to enter their password.
