

PT/OT/SLP NEW Acute Forms

On **Monday, May 20**, the **Acute Therapy** folder in **Adhoc** will contain new forms to be used on **acute patients** in the hospital. The implementation of the Acute Therapy forms will alleviate the printing issue with the IRF forms displaying more information than necessary on acute patients.

The **Adhoc folder structure** has been changed to have the Acute Therapy folder in first place allowing the folder to default open.

Changes Within the Forms

- **PT/OT/SLP** will see minor changes with their forms that include:
 - Some updates in grid column headers
 - Addition and removal of some sections to their forms
 - Updated documentation fields
- Click [here](#) for more details on **Physical Therapy** changes.
- Click [here](#) for more details on **Occupational Therapy** changes.
- Click [here](#) for more details on **Speech Therapy** changes.

NOTE: Therapists treating patients who are in the Acute Rehab Unit at AR Gould should use the IRF folder under Therapy for documentation.

Changes Impacting Other Areas

- **Lives With** located in the **Home Environment** section will now display different options based on the patient's age.

Patients 13 Years and Older

Lives With

- Alone
- Caregiver
- Child(ren)
- Family
- Friend
- Parent(s)/Guardian
- Significant other
- Spouse
- Other:

Patients 0 to 13 Years

Lives With

- Caregiver
- Parent(s)/Guardian
- Other:

- The following forms **outside of Acute PT/OT/SLP** will also receive the **Lives With** update:
 - BH Outpatient Intake Assessment Form
 - BH Psychosocial Assessment
 - PT and OT Lymphedema Evaluations
 - PC Social Services Assess Form
 - PC Transition of Care Form
 - VOC Rehab Outpt Initial Assessment
 - PT/OT/SLP Pediatric forms
- The **General Information** section has been removed from the **Discharge Summary** in **Ambulatory Rehab** forms.
 - **Pain Present** was causing the Pain assessment to open again causing duplicate documentation.

Clinical Informatics – Please share this information with **Acute PT/OT/SLP** and the **affected areas using the above impacted forms** and make this a topic of discussion in upcoming rounding.

*Behavioral Health: The **Lives With** changes **does** affect behavioral health caregivers.*

NOTE: This mailbox is not frequently monitored. [Please direct any questions to the Clinical Informatics team using this link.](#)
