# Clinical Leader Organizer Update

On **Monday, March 18**, the **4-Eyed Assessment** column name in the **Clinical Leader Organizer (CLO)** will change to **Assessments.** The **BMAT score** and the **4-Eyed Assessment** documentation will populate the column. Adding the BMAT score on the CLO along with other quality indicators assists the charge nurse with improving quality and preventing poor patient outcomes.

NOTE: If BMAT is not documented, a hash mark will display as seen in the screenshot.

Clinical Informatics – Please share this information with **inpatient charge nurses and nursing staff** and make this a topic of discussion in upcoming rounding.

*Behavioral Health: This information **does not** affect behavioral health caregivers.*

**NOTE: This mailbox is not frequently monitored. Please direct any questions to the Clinical Informatics team using this link.
