

Holter/Event/MCT Monitor Results

AR Gould, Blue Hill, and Maine Coast Hospital

On **Tuesday, March 19**, ordering Cardiologists will receive **Holter/Event/MCT** results in **Message Center** for studies performed at **NL AR Gould, NL Blue Hill, and NL Maine Coast Hospitals**. The results will be viewable in the **Diagnostic** or **Imaging** components on workflow **MPages** and in **Results Review** across all Member Organizations.

The change will allow ordering Cardiologists at ARG, BHH, and MCH to endorse results from Message center for Event, Holter, and MCT Monitor studies thus improving patient care and workflow efficiencies.

REMINDER: Member Organizations not using ECG Management for Holter/Event/MCT, the report may appear blank. To open, click Patient Profile and then the CV Acquisition button.

Click [here](#) for more information about how to view Holter/Event/MCT Results.

Clinical Informatics – Please share this information with **All Ambulatory and Inpatient Providers and Staff** and make this a topic of discussion in upcoming rounding.

Behavioral Health: This information **does** affect behavioral health caregivers.
