## Electronic Health Record

## Retirement of the PACE Form

On **Tuesday, April 2**, the **Pre Anesthetic Evaluation Form (PACE Form)** and all the corresponding sections in **various Surgical PowerForms and report** will be retired. The update will reduce double documentation for the Pre-admission Testing and Anesthesia departments.

The form was originally created to fill a gap when the anesthesia department was on paper. The documentation that was manually entered could be outdated. Now that all anesthesia departments in the Northern Light system are electronic, the PACE Form and report will be retired.

The documentation that was in the PACE Form and in the report is now flowing to the **Anesthesia Preassessment PowerNote**, which is more accurate and up to date.

Clinical Informatics – Please share this information with **Pre-admission Testing and Anesthesia Departments** and make this a topic of discussion in upcoming rounding.

***Behavioral Health:** This information **does not** affect behavioral health caregivers.*
