Respiratory Therapy Tasking and Charge Updates

On **Monday, April 8**, documentation in **Activity View** which is linked to tasking in the **Multipatient Task List (MPTL)** and **CareCompass** will be updated**.** The update will allow complete documentation from the task by the **Respiratory Therapist**.

Charge documentation has been updated to **increase the standardization** of charges between all Member Organizations. Standardization of charges will decrease the number of suspended Respiratory Therapy charges.

Charge and Tasking Details

- Click here for more information for **AR Gould**.
- Click here for more information for **EMMC**.
- Click here for more information for **Inland**.
- Click here for more information for **Maine Coast Hospital**.
- Click here for more information for **Mercy**.
- Click here for more information for **SVH**.

NOTE: As it is today, the Respiratory Therapy charges are seen by all. This does not mean that the charges are mapped on the backend to every Member Organization.

New Order and Task for INP Smoking Cessation Consult

- **INP Smoking Cessation Consult** is seen by **AR Gould**, **Mercy**, and **SVH**.

- Placement of the **INP Smoking Cessation Consult** order will fire a task to Respiratory Therapy.

- Documenting the task from the MPTL or CareCompass will open Activity View.

Nursing

- Some of the **RT CHARGE** documentation fields are now viewable to everyone and should only be documented by Respiratory Therapy.

Clinical Informatics – Please share this information with **Respiratory Therapists at all Member Organizations except Acadia, BHH, CA Dean, and Mayo, Inpatient providers at AR Gould, Mercy, and SVH, Inpatient Nursing** and make this a topic of discussion in upcoming rounding.

Behavioral Health: *This information **does not** affect behavioral health caregivers.*

NOTE: This mailbox is not frequently monitored. Please direct any questions to the Clinical Informatics team using this link.
