Electronic Health Record

Cerner Millennium PowerChart Education

Community Partners

Online Learning for Our Community Partners

Education for Community Partners needing read-only access to the Northern Light Cerner Millennium Electronic Health Record (EHR) is now provided through a series of online, interactive educational modules in a web-based learning management system, PromisePoint. These activities simulate the PowerChart record. Please follow the instructions below to access and complete this education.

Click here to see System Requirements and/or if you are using a Mac.
